**NEWSPAPER HISTORY**  
The Rockland Gazette was established in 1848. In 1874 the paper was established, and consolidated with the Gazette in 1882. The Free Press was established in 1885 and in 1891 changed its name to the Tribune. These papers consolidated March 17, 1897.

Have a heart that never hardens, and a temper that never tires, and a touch that never hurts. — Charles Dickens.

The Senate Tuesday, by a vote of 31 to 20, defeated the amendment to the Postoffice appropriation bill prohibiting postal employees from joining any secret organization outside the department.

The Portland Argus chides the Portland Press because it has just learned that there is such a thing as blaugas, when a large plant for its manufacture has been in existence there some time. The criticism of the Argus would have been even more effective if the intelligent compositor had not set it up "blaugas," each time that the word occurred.

An American tourist, in pricing tea in a Chinese store in Shanghai, was surprised to find that he could purchase five pounds of a certain kind of tea for \$2, but that if he bought ten pounds the price would be \$5. The American argued with the Chinaman that such an arrangement was ridiculous, but the proprietor of the store insisted that logic was on his side. "More buy, more rich. More rich, more can pay," he explained.

That the annual offering received by the Christian and Missionary Alliance at Old Orchard Sunday will amount to about \$51,000 was the statement made by the leaders Sunday night. According to the announcement at the close of the morning service the sum of \$35,000 was pledged in just 20 minutes, or at the rate of \$1,750 a minute, but later in the day it was found that a slight mistake had been made in figuring the total and that it would be necessary to go over all of the cards again. In the afternoon \$17,000 was pledged, and had the figures at the first service held good the total for the day would have been \$52,000, but Rev. Dr. A. B. Simpson, the leader of the alliance in this country, and his co-workers are confident that they would leave Old Orchard with promises of at least \$51,000. This is about the same as was received last year and considering the state of the weather it is a good showing. In fact, the alliance people are much pleased.

## TAXES TOO HIGH

Democratic Practice vs. Figures.

"Taxes are already too high." We must spend less of the people's money. The direct state tax must not be increased. It can not be reduced for 1912, but it should be materially reduced for 1912.

(The above is from Gov. Plaisted's Inaugural Address.)

The direct state tax for 1911 was \$1,280,651.55. The direct state tax for 1912 was \$1,809,081.65. Total, \$4,521,733.53.

The direct state tax for 1909 was \$1,280,651.55. The direct state tax for 1910 was \$2,143,156.47. Total, \$3,423,808.02. Increases in state taxes, \$1,091,915.51.

In addition to this direct tax on the people there was an increase in other taxes such as railroad tax, tax on express companies, tax on automobiles, etc., etc., amounting in all for the two years to more than \$600,000. Thus it is clearly shown that during Gov. Plaisted's administration the total tax levy was \$1,700,000 more than the tax levy under Gov. Fernald's administration.

## Talk of the Town

The telephone companies of Maine are assessed \$84,081 this year. The Knox Telephone & Telegraph Co.'s share is \$7505.

R. H. House expects to have his new residence at Glencove ready for occupancy by Oct. 1st. It will be one of the bungalow type.

Commander C. F. Hughes, recently assigned to the armored cruiser Montana (in reserve) has been transferred to the cruiser Des Moines.

Do you ever watch the automobile numbers? If so have you seen a larger one this season than 97,183, the number of a New York car now in the city.

The Democratic city committee recently organized with E. C. Payson as chairman, J. E. Doherty secretary and E. W. Egan treasurer. Although he is moved down a peg the Democrats didn't quite dare discard "Leave it to me."

Police court hereafter will be held in the common council room when important cases are being tried. The present court room does not measure up to the requirements which the board of health would impose upon a home for swine.

E. C. Ingraham is having his vacation from the American Express office, and is spending part of it in Bristol, R. I., with the Hydraulion fire ladders and lasses. "Blake" is in charge of the clerk's desk at the express office meantime.

A subscription renewal came this morning from Peter Nelson of the battleship Louisiana, who writes: Having had The Courier-Gazette six years while on this ship and one year on the old Texas it would be very hard for me to get along without it. During that period The Courier-Gazette has followed Mr. Nelson all over two Hemispheres, for the Louisiana was one of the ships that made the famous cruise around the world. Mr. Nelson has 11 more months to serve under his present enlistment. His wish that the Louisiana might have come to Rockland for the Carnival is sincerely echoed here, but alas!

Both of our theatrical houses are now to be represented in the "Dramatic Mirror" a leading theatrical publication of New York City, edited by Lyman O. Fiske, of the family of our Mrs. Fiske, the former American actress. Mr. Fiske has appointed Mrs. Agnes Bird to represent "The Mirror" in Rockland, which means that the standard of our theatrical offerings will be on a par with that of other "Mirror-represented" cities. Managers and players give of their best when they know that a "Mirror" reporter is in the audience. They realize that they are under fire by the official mouthpiece of the theatrical world, and that their work will be criticised frankly and impartially by Mr. Fiske's representative. The "Mirror" is giving special space to all matters pertaining to the amusement and social doings of the Elks and the Eagles, these two orders being closely affiliated with the stage. Also interesting amateur productions of a high standard will be given space. Mrs. Bird will be glad of any timely news along these lines.

## BILLIONS OF CIGARETS

Used in United States Last Fiscal Year—And Stacks of Beer.

The people of the United States produced more whiskey and rum and smoked more cigarettes during the fiscal year 1912 than ever before in the history of the country, according to the preliminary annual report of Royale E. Cable, commissioner of internal revenue, submitted to Secretary MacVeagh today. The consumption of whiskey was exceeded only by the year 1907 but beer drinking fell off by a substantial percentage.

The unprecedented smoking of 11,221,624,084 cigarettes, exceeding the record of 1911 by nearly two thousand million, amazed treasury officials. The consumption of whiskey and rum for 1912 was 13,377,458 gallons, the nearest approach to the record of 13,401,000 gallons in 1907. The consumption of beer for 1912 was only 62,108,713 barrels a decrease of over 1,108,000 barrels as compared with 1911.

## MR. GILBERT DEAD

Hon. Zida A. Gilbert, at one time member of the State Board of Agriculture, and for many years editor of the Maine Farmer, died at his home in Greene last Tuesday at the age of 79. Death resulted from a shock which he suffered Monday. Mr. Gilbert had been a frequent visitor to Knox county and among his many Grand friends there is deep regret at his demise.

## YOUR FAVORITE POEM

Old-fashioned poetry, but choicely good.

—Frank H. Allen.

Ellen Brine of Allenburg

No soul did hear her lips complain,  
An' she's a-gone from all her pain,  
An' others' loss to her is gain.

For she do live in heaven's glory,  
Vull many a longsome day an' week  
She bore her ailing, still, an' meek.

A worker while her strength held on,  
An' golden housework, when 'twas gone,  
For Ellen Brine of Allenburg,  
Oh! there be souls to mourn.

The last time I'd a-cast my right  
I put her face, a-foated white,  
Wet in summer's mornin' light.

In hall afore the snowdren vior,  
The while the children beat the vloir,  
In play, w' tiny shoes they wore,

A' call'd their mother's eyes to view  
The feat their little limbs could do,  
Oh! Ellen Brine of Allenburg,  
They children's new mus' mourn.

The woe, a-stopper from his race  
Went up, an' on her knee did please  
His hand, a-broken in her face.

An' w' a smile mouth so small,  
He said, "You promised us to go!"  
To Sharon fear, an' teak us two!"

She heard it w' her two white ears,  
An' in her eyes there sprung two tears,  
For Ellen Brine of Allenburg  
Did feel that they mus' mourn.

September come, w' Sharon fear,  
But Ellen Brine w' never there!  
A heavy heart w' on the nose,

Their father told his lowward road,  
To true he brought some fears back,  
For them two children all in black;

But they had now, w' p' sayings new,  
No mother w' to show em to  
For Ellen Brine of Allenburg  
Would never more return.

TWO-A-WEEK.

## CIRCULATION AFFIDAVIT

Rockland, AUGUST 20, 1912.  
Personally appeared Neil S. Perry, who on oath declares that he is president of the office of the Rockland Publishing Co., and that of the issue of The Courier-Gazette of August 17, 1912, there was printed a total of 4,480 copies.  
Before me: J. W. CROCKER  
Notary Public.

This is a great week in Rockland. Don't miss any of the performance.

The Rockland & Rockport Lime Co. has upward of 40 kilns afloat, at the present time, with crews working night and day in the quarries. This condition of our leading industry is very gratifying. Long may it wave.

Hon. L. R. Campbell's services have been engaged for the state page and he made his initial speech last night at Palermo. His assignments for this week are as follows: Tuesday, Aug. 20, 7:30 p. m., South 1000 people; Wednesday, Aug. 21, 7:30 p. m., Center Montville; Thursday, Aug. 22, 7:30 p. m., Lincolnville Center; Friday, Aug. 23, 7:30 p. m., Northport; Saturday, Aug. 24, 2 p. m., Swanville and Knox Station.

Those in position to understand the tremendous difficulties to be met and overcome in the saving of the wrecked steamship Carolyn appreciate the degree of success that attaches to Capt. John L. Snow, who has achieved a piece of work that old and experienced wrecking companies declared impossible. Capt. Snow is not one who courts applause and we respect his wish not to enlarge upon his performance—but we could easily and with truth say a lot more in way of praise.

The sudden death of Hon. Herbert M. Heath, which took place in Augusta Sunday afternoon, following an attack of acute indigestion, was a great shock to the many Rockland friends of the distinguished lawyer. Mr. Heath's last appearance in this city was during the June primaries when he spoke at the Arcade in the interests of his candidacy for U. S. Senator. As counsel in many important cases tried in Knox county supreme court he became quite widely known in this section and a very high estimate was placed upon his abilities. Mr. Heath was first stricken about a week ago, but had so far recovered that he was able to take part in an outing last Saturday.

## HAPPY ODD FELLOWS

More Than 1500 Persons Attended Their Field Day. Exciting Race Land—Warren Won the Ball Game.

The annual field day of the Knox County Odd Fellows was held at Oakland Park Saturday. It was a success beyond the expectations of the committee. It is estimated that there were more than 1500 persons present during the afternoon and evening, and watching the passing trolley cars one would hardly have thought it was Fourth of July or Labor Day.

The baseball game was the chief outdoor feature, and it is probably no exaggeration to say that there were 1000 spectators. A team playing under the name of Warren, but which contained several players from other towns, defeated Camden 14 to 13. The game had a very exciting finish, and was won for Warren by W. G. Robinson and County Attorney Howard, who pounded out doubles at the psychological moment. All of the players were Three-Linkers. Fred Waterman and Clarence Ames of Appleton comprised the battery of the winning team.

Following is a summary of the athletic events:

100-yard dash—George C. Bowden, Camden, 1st; W. G. Robinson, Warren, 2d; James Seadman, Warren, 3d. Time, 12 seconds.

Broad jump—Lyle Barker, Camden, 1st, 18 feet, 1 inch; Clarence Ames, Appleton, 2d, 17 feet, 7 inches.

Standing jump—Dr. Benjamin Kellar, Appleton, 1st, 8 feet, 1/2 inch; Lyle Barker, Camden, 2d, 7 feet, 11 inches.

Throwing baseball—W. B. Conant, Camden, 1st, Clarence Ames, Appleton, 2d.

Putting the shot—Robert Stevens, Rockland, 1st, 25 feet, 8 inches; John Davis, Warren, 2d, 25 feet, 6 inches.

Tug of war—Camden and Rockland tied.

Farnham's Band gave a concert throughout the afternoon.

There were many couples on the floor at the ball. W. W. Smith acted as floor director and had as aids W. S. Richards, W. B. Young and F. E. Mathews.

## ROCKVILLE

The Optimistic club was entertained by Mrs. Clara Carroll Thursday afternoon. There were 21 present, and a very busy session reported. Three quilts were tacked, and two gallons of Mrs. Thurlow's ice cream consumed. The collection amounted to \$23.75. Repairs on the interior of the church have been commenced. Preparations for the church fair Aug. 28 are going on. Many pieces of handwork useful and beautiful have been donated. The next club meeting will be held in the hall, Aug. 20, and all the members are requested to bring mops and dusters and clean the hall after the fair.

## Rockland Carnival Begins

We Have the Goods, We Want the Weather, We'll Get the Crowds—No End of Novelties.

11 a. m.—Historical parade.  
4 to 6 p. m.—Airship flights at Knox Trotting Park.  
8 p. m.—Band concert.

**Wednesday**  
11 a. m.—Firemen's parade.  
2 p. m.—Reel races, coupling contest, etc., on Park street.  
2 p. m.—Hand tub contests on South Main street.  
4 to 6 p. m.—Airship flights at Knox Trotting Park.  
8 p. m.—Firemen's ball.

**Thursday**  
10 a. m. to 3 p. m.—Water Carnival, best seen from Tillson wharf.  
3 p. m.—Ten mile race around square, formed by Union, Park and Limerock streets and Broadway.  
4 to 6 p. m.—Airship flights.

**Friday**  
2 p. m.—Championship ball game for purse of \$40, between Rockland and Thomaston, on Broadway ground. Ball game to be followed by other athletic events, open to everybody.  
4 to 6 p. m.—Airship flights.

As The Courier-Gazette went to press this forenoon the several divisions of the Old Home Week parade were forming at the South end, and big crowds streaming into the city from all directions told that the Five Days' Carnival had begun.

This afternoon, between 4 and 6 there will be an airship flight from Knox Trotting Park—the first ever seen in this section of the state—and the aviator will be a Maine man, Geo. A. Gray, formerly of Bluehill.

Tonight there will be three band concerts simultaneously, one band being stationed at Gay Park, one in Postoffice Square and one opposite the foot of Myrtle street.

Wednesday is Firemen's Master day. Several additional entries have been received since our Friday issue, and indications point to many spirited contests. The parade will start at 11 a. m., forming at Gen. Berry square and passing over the following streets:

Form on South Main street, up Main to Rockland, up Rockland to North Main, down North Main to Main, down Main to Middle, up Middle to Union, over Union to Park, up Park to Broad, countermarch to Main, up Main to Spring, where the parade will disband.

The reel races, etc., will be on Park street, commencing at 2 o'clock. At the same time the hand-tub contests will be pulled off on South Main street near the railroad crossing.

The ball for firemen will take place in the Arcade at 8 p. m.

Thursday the Water Carnival will take place, with races in five classes for fishing, working and speed boats.

In class 6 there will be a prize for the best exhibition of handling a boat without reverse gear. Class 7 will be a lemon race. A greased pole, a tub race and a dive of 50 feet with clothes ablaze will be some of the many attractions.

The events in the Water Carnival will begin at 10 a. m., continuing until noon, and being resumed immediately after dinner. The course will be from a starting point off Tillson wharf due east one mile, then south-west one mile to Maine Center wharf and back to Tillson wharf. C. F. Simmons is in charge of the Water Carnival.

Glenn Lawrence will be the starter, and the other judges will be C. A. Packard and Charles S. Coughlin. The Sheldrake will be the judges' boat.

The course is so laid out that spectators will have almost as good a view as do those who are on Tillson wharf and vicinity.

The high dive in blazing clothes will be made from the southern side of Tillson wharf as soon as the tide is high enough.

At 3 o'clock Thursday afternoon there will be a long distance race around the square enclosed by Union street, Park street, Broadway and Limerock street, for a number of laps corresponding to 10 miles. Trophies valued at \$15 and \$10 will be given.

There will probably be a half dozen or more entries. Joe Marino of this city, who has very recently finished in Marathon races in Boston and New York has his eyes fixed on first prize. Walter Jones of Rockland Highlands will also represent this city. A son of Rev. A. E. More, formerly of Thomaston, is one of the several college students who have announced their intention of taking part.

The exciting finish of this race will be one of the court house where hundreds can get a good view of it.

Friday is given up entirely to outdoor sports, and first on the program will be the baseball game between Rockland and Thomaston, the two fastest teams in eastern Maine, and champions of rival leagues.

Manager Pearson, representing Thomaston, and D. H. Fuller, representing Rockland, met at the

Courier-Gazette office yesterday afternoon, and agreed upon the makeup of the two teams, which will be as follows:

**Rockland**  
Rockland c  
Flint p  
Fuller 1b  
Alperin 2b  
Weeks 3b  
Lamb ss  
Bartlett lf  
O. Richardson cf  
Lorraine of

The Rockland substitutes are Cottrell, Rokes and Jones. Thomaston's substitutes are Wiggins, Wilson and Foy. Both managers have agreed to adhere strictly to the above lists, reserving the right to rearrange their teams if desired.

Milton W. Weymouth of Rockland and Harlow Browne of Warren were agreed upon as umpires.

The game will be played for a purse of \$40 and will commence at 2 o'clock sharp. A large crowd is expected and those who go earliest will have the seats. Admission and seats are absolutely free.

After the game there will be four athletic events in which a great deal of rivalry is promised—the 100-yard dash, throwing the baseball, running the bases and high jump.

These contests are open to anybody and there is no entrance fee.

Aviator George A. Gray and his mechanic, J. Chaney Redding, arrived Monday and are at the Hotel Thomdike for the week.

The biplane arrived by train in a special end-door freight car.

Aviator Gray flies a Wright biplane model F, passenger carrying machine, 40 feet long, 6 feet 6 inch span, 9 feet high, fitted with a 4-cylinder special aeroplane engine designed by the Wright Bros. of Dayton, Ohio.

Mr. Gray's mechanic is an expert in Aeronautics, and was chief mechanic for Burgess Co. and Curtis of Marlboro, who are licensed aeroplane builders for the Wright Bros. Before being connected with Mr. Gray he was with Lieut. Milling, Arnold and Kirtland of the U. S. Army; also Harry N. Atwood and W. Starting Burgess, who are among the leading aviators in America today.

Aviator Gray is hoping for good weather and says that if it is favorable there will be many surprised people in this vicinity, especially those who come from Union, judging by some of the conversations he has heard.

Those who go to Knox Trotting Park will have ample opportunity to inspect the machine as the gates will be open at 2 o'clock and the first flight does not start until 4. An interesting feature of flying is to see the machine leave the ground and alight, which can only be seen from inside the park.

**"ELK" VERSUS "ECHO"**  
A Notable Event in Thursday's Motor Boat Races—Tie Your Hair Down.

People who are interested in motor boats, and their name is legion along the Maine coast, will have plenty of thrills when the race in Class 5 is called Thursday. The entries include the "Elk," owned by William Gilson, of Gardiner, and the "Echo," owned by William Marston of Gardiner.

The "Echo" will be entered by James T. Gilson, and will be raced by him. Mr. Gilson will race the "Elk." These boats are counterparts, having been built from the same blueprint, and each equipped with a 3-cylinder Smiley engine and it will be in all probability a question of seamanship that will produce the winner. They are finished bright and have a piano surface and are said to be the handsomest as well as the fastest boats in the state. They have won many trophies and cups and it will be a rare treat to see them in action.

Many persons will come a good way to see this race as it is the star attraction, but the other classes are being filled and while the fishing boats will not go quite as fast, they will be of great interest because of the rivalry already existing between the boat-builders in different localities.

It is only a few years since all fishing was done in small row boats, dories, peapods and the old clumsy sail boats, and the equipment today is a great improvement. Very few realize how good the present equipment is. It is no uncommon thing now for a lobster fisherman to pay from \$500 to \$700 for his working boat and this industry will be well represented.

**THE NORMAL SCHOOLS**

The Maine State Normal Schools open for the fall term as follows: Farmington, Tuesday, Sept. 17; Gorham, Wednesday, Sept. 11; Castine, Tuesday, Sept. 17; Presque Isle, Tuesday, Sept. 10; Machias, Tuesday, Sept. 10; Fort Kent, Tuesday, Sept. 10th.

Mrs. John O. Hall and daughter Verna of Bath are the guests of Mr. and Mrs. Charles S. Hall at Point Thomdike, South Thomaston.

Verna Belle Hall celebrated her tenth birthday Thursday, by giving a party to her little friends at the cottage of Charles S. Hall, Point Thomdike, South Thomaston. The time was pleasantly spent in games, music and stories. A dainty luncheon was served. The table decorations were lavender and white; a profusion of sweet peas and ferns, and a cake decorated with the appropriate number of candles gave the center. The little hostess received several pretty presents. Those present were Florence and Evelyn Perry, Edna Rackliff, Edna Harrington, Verna and Muriel Maker, Marjorie Burton, Mildred Hall, Charles S. Hall, Jr., and Harriet A. Hall.

## Talk of the Town

Old Home Week.

Letter Carrier Oliver B. Lovejoy is having his annual vacation.

George Frost has moved from the Grant house, Maverick street, to the Highlands.

Daniels, the weather bureau man, has ordered five good days for this week's Carnival.

The next meeting of Edwin Libby Relief Corps will be held the last Thursday in August.

The canna bed in Dr. W. H. Armstrong's lawn on Park street is a thing of beauty. Seen it?

Thomas Ryan, head waiter at the Narragansett hotel, has returned to his duties after 10 days' vacation.

Clifton & Karl have finished painting the interior and exterior of A. C. McLoon's cottage at Pleasant Beach.

John J. Padbury and bride have leased S. W. Lawry's house at the Southend, which they will occupy about Sept. 1st.

A tennis court is being built on Henry B. Bird's premises, Broadway. The work is being done by one of our skilled landscape gardeners, Fred A. Blackington.

A pineapple weighing 9½ pounds was on exhibition at Whitney's Saturday. It was among a crate of big ones sent by Aaron Koritzky of West McKinley, Isle of Pines, to his father in this city.

Harry Webster and Don Gross, two popular young scallap fishermen, were in the city Saturday. They are with the schooner yacht Cachalot this summer, and have been up Newfoundland way.

George A. Crockett has bought the Butler house on High street, Thomaston.

Fred M. Blackington has the contract for moving a garage from Thomaston to Capt. L. B. Keen's lot on Chestnut street.

During Carnival week the public library will be open each forenoon from 9 to 12, and each afternoon from 2 to 5 for visitors.

Mr. and Mrs. Y. A. Thurston of Andover, Mrs. Cony of Augusta and Mr. White of Bangor were in the city last Wednesday on their way to inspect the hospital for convalescent insane at Chase's Island.

Harry Horowitz, known in the New York gambling scandal as "Gyp the Blood," is said to have resided in this city for a short time, about 10 or 12 years ago, being engaged in the business of enlarging pictures.

Speaking of our Five Days' Carnival the Bath Times said: "Rockland plans to make this a great time. Good luck and fair weather to the Lime Kiln town." This kind spirit of the neighboring city is duly appreciated.

The Old Timers of Warren and Rockland are to have their annual ball game at Crescent Beach Saturday. Rockland has won all of the three games previously played in this series, but Will Robinson says the city team can't repeat next Saturday. The lineup will be given in our Friday issue.

Hall & Manson, wheelwrights and jobbers, have joined the blacksmiths in closing their places of business Tuesday, Wednesday and Thursday.

The horseshoers who close are as follows: F. C. Jones, Earl Ludwick, G. W. Britto, V. T. Follett, C. A. Moore, Tobias Spalley and R. H. Britt.

Joseph Peterson, clerk at the Norcross Drug Co.'s store, is Grand Kaskaskia of Rockland's new secret organization. See him and get a membership card.

State Assessors B. G. McIntire of East Waterford and E. M. Johnston of Brownville were here Wednesday for their annual session with the county assessors. Their wives accompanied them.

Another examination of the candidates for the position of fourth class postmaster at Owl's Head will be held in this city Sept. 14. At the examination previously ordered no candidate appeared.

Wednesday and Thursday of this week the afternoon trip of steamer Governor Bodwell will not be made until 5:30 giving excursionists even the islands the privilege of enjoying the Old Home Week program.

The ball game between Rockland and Thomaston for the Old Home Week purse will be played Friday afternoon on the Broadway ground, and will begin at 2 o'clock sharp. Athletic events will follow. Everybody is invited, and no admission is charged.

The Salvation Army hall on Sea street will be thrown open during the Carnival for mothers who come to Rockland for the festivities. There will be every convenience whereby the children and parents can rest. Ensign Corbett and his assistant will look after the children.

The Maine Central steamer Norumbega, which went ashore near South-west Harbor last week, is still hard and fast on the ledges, with 60 feet of her bow high and dry on low water. The Scott Wrecking Co. has wreckers at work and expects to float the craft by means of pontoons.

Today's parade is to be reproduced in motion pictures, thanks to Manager Rosenberg of Rockland Theatre, through whose efforts the Gaumont and Pathe concerns have sent representatives. This is especially interesting as Rockland has never had an opportunity to figure in moving picture films.

Commencing Tuesday, Aug. 20, the cars on the Crescent Beach line will run half-hour service forenoons, afternoons and evenings (the same as the present Saturday schedule) until the day after Labor Day, Sept. 3d. This week there will also be a theatre car every night after the Klark-Urbain show.

Jurors for the September term of Knox county superior court have been drawn as follows: Traverse, Frederick J. Simonton, Jr., Walter S. Benner, George A. Brewster, James A. Stover, Oscar S. Frost, Fred J. Davis, J. G. Babineau, Grand Parks, Buker, Richard Foley, John W. Titus and William Young.

There will be two Schools of Instruction in Lewiston, Tuesday, Sept. 3, 1912. The Schools are arranged at this time because of the reduced rates from all points in Maine to the annual State Fair. The School for members and deputies will be opened in Masonic hall, promptly at 2:30 p. m. Another school, for Deputies only, will be held in Masonic hall at 7:30 p. m.

Galilee Temple observed its third anniversary Sunday. At the Sunday school meeting the pupils participated in the exercise of song and recitation. In the absence of the superintendent, Mrs. Perkins, the assistant, Mrs. Aylward presided. The pastor spoke to the school. At 7:15 a sermon was given on the parable of the talents and applied to the stewardship of those entrusted with the work of Christ's Kingdom. Dr. and Mrs. Luce took part in the service with cello and cornet, and Mrs. Burrell was at the organ. Dinners will be served at Galilee Temple lawn on Wednesday for a portion of the visiting firemen.

A short time ago a local appeared in these columns, announcing that Alvin A. Carter had an excellent garden at his home on Chestnut street. An old friend chanced to read it and started from his home in St. George last Friday to find Mr. Carter. His name was Mr. Cummings, and the last time he saw Mr. Carter was 52 years ago, or one year before the war, in New York harbor. The former was aboard a brig and Mr. Carter was on a bark bound for New Orleans. Mr. Cummings is about 80 years of age and has retired from business. He feels grateful to the C.-G. for the news item and his call at Mr. Carter's proved of unusual interest to both himself and the old war veteran.

The new common battery switchboard which is to be installed in the city as soon as possible has been received. This switchboard is known as the No. 10 type and is similar to board in use in Portland and other important cities. Before it can be installed, many radical changes are necessary at the central office, at the subscribers' stations, and in the entire outside plant. At the present time a crew of men is visiting every station in the city and partially preparing for the new system. A crew of men is also at work making necessary changes in the construction of the Company's outside plant and when they, and other crews that follow them, have completed their work many of the open wires and smaller cables now in use will be merged into larger cables, and in certain sections this cable placed underground.

The Ladies of the Golden Cross will serve dinner Wednesday to the visiting firemen. All those who are interested are requested to bring food to the St. John's hall.

You will find the best ice cream of all delicious flavors at J. H. Meserve's, Rankin block.

The two games in the Triangular League which were scheduled this week for Crescent Beach will be played instead on the Broadway diamond Wednesday and Thursday, Wednesday Thomaston and Rockland, Thursday Camp Durrell and Rockland. Games called at 2:30 p. m. These games are in no way connected with the Old Home Week game between Rockland and Thomaston, which is scheduled for Friday, but are cheerfully recommended to patrons of good sport.

The citizens of the towns in this vicinity should not forget to take their visiting friends to Oakland Park during the Carnival Week. You can give them one of the most enjoyable times of their lives in this beautiful park.

The Camden Baptist church enjoyed hearing an address by James Perry, who spoke Sunday, Aug. 11, on invitation of Pastor Frohock. His text was "And I, if I be lifted up, will draw all men unto myself," and in a very interesting way he presented the problems that face the church today in the mission fields of the world, in dealing with the immigrants in the city churches and in the rural fields. Miss Hazel Hall beautifully sang the solo "The Lord is my Shepherd." Mr. Perry is the son of Deacon W. W. Perry of the Camden church. He is a Student Volunteer, and graduated at Colby last year. For a year he has been fellowship secretary of the Detroit, Mich. Y. M. C. A.—Zion's Advocate.

Weed sails accommodates 46 guests beside the crew and is one of the most beautiful sailing vessels in that part of the country. Capt. Weed expects to visit his mother in Lewiston this fall. ## A NIGHT AT VERONA

The Natural Beauties and Comforts of an Up-River Park.

"The groves were God's first temples."  
Never do I realize the deeper meaning of this quotation so fully and enjoyably as when I visit our old friends Mr. and Mrs. Freeman Smith at their cozy log cabin at Verona Park.

The greater number of the cottages and bungalows here are down the hill and near the water, but the log cabin stands farther up, in the "forest primeval," with tall, straight trees on all sides and ferns in profusion along the whole front of the piazza, also various wild flowers and berries, some of which grew there originally and some were transported from spots deeper in the grove.

Out beyond the grove a short distance lies a level field and there our old friend exercises his agricultural proclivities to his full bent. Such a garden I have not seen this year! Long rows of corn, beans, peas, potatoes and other garden products attest to his industry and the fertility of the soil. He has already harvested four long rows of potatoes—several bushels, and there are plenty more left for winter use.

Wednesday, Aug. 7, was the day of my visit, the occasion being the annual literary and musical entertainment of the society, always given during camping week. Here I heard—not "fiddle," but a violin, played in a manner which I have never even imagined possible. Under the mastery touch of Professor Davis of Boston, the instrument not only played, but also sang and danced. During one passage it even seemed to pray. Just that one number was worth the long trip with its various discomforts.

I may be misunderstood, let me say that the difference between a fiddle and a violin lies mostly in my own mind, and is governed by the player and his manner of playing. For instance, "fiddle," but a violin in my own hands or in the hands of the majority of players I have heard. When played by a masterly hand, however, it seems to assume a new dignity and to make fiddle seem too trivial to describe it; hence it becomes a violin.

Another feature of the entertainment was the singing of a young girl, more than fourteen years old, and I think that even the fiddle nearer the mark. Her voice was of that vibrant, pulsating quality usually heard only from the throat of a matured woman. It is safe to predict that the general music loving public will hear from her when she is older, if she does not overwork her voice while too young.

A dance followed the entertainment and we "old folks" stood till even the youngest ones grew tired and departed for home.

New cottages and bungalows are going up every year and the grounds have been extended to nearly twice their former area. Furnished cottages may be had by the day, week, month, or season. There is a charm about Verona which is irresistible: one visit there creates a desire to come more, until each summer seems incomplete without the trip, even if only for a day. A dance in the pavilion every Saturday night holds the life of the place, and the more for social features than for the charms of nature, while the cottages have a neighborly way of running in at all times of day, reminding one of country life among old settlers.

The windows of the log cabin are hung on hinges so they swing wide open like a door, and the sweet forest air, laden with the scent of the pine and fir and salve, sweeps through the sleeping rooms by day and night, lulling inmates of the cabin to delicious sleep such as is seldom experienced elsewhere. At daybreak birds and squirrels begin to chirp and chatter in the trees, on the roof and even on the window-sills. Mrs. Smith tells me that in winter she often feels them at the door, as they come hopping around to tell of their hunger.

Although my visit was of less than twenty-four hours duration, owing to home duties, yet the memory of the beauties of the place will remain to cheer me until I return for a real visit later in the season. Looking back from the boat the place is like a great picture, framed by blue sky and river.

Gave Him  
A New Stomach

"There are thousands of sufferers from stomach and liver troubles whose health I could meet and tell what Chamberlain's Stomach and Liver Tablets would do for them," writes H. M. Yonke, proprietor of the Sun, Lake View, Ohio. "One bottle of the tablets would end the trouble for most of them. I suffered intensely after eating and never felt well, and no treatment or medicine I tried ever seemed to do me any good until reading an advertisement for Chamberlain's Tablets in my own paper. I tried a bottle. The first few doses gave me surprising relief, and the second bottle seemed to give me a new stomach. I didn't think anything would give me such a complete cure. They are wonderful!"

## AT OCEAN PARK

Thomaston Correspondent Describes Recent Missionary Education Conference.

At Ocean Park, July 26 to Aug. 2, was held the sixth annual meeting of Ocean Park Missionary Education Conference.

The object of this Conference is to promote intelligent missionary activity and leadership among all the churches in New England. There was found to be present 76 delegates and 10 speakers. Divided by states as follows: Maine, 28; New Hampshire, 8; Massachusetts, 19; Rhode Island, 21; by denominations, Baptist and Free Baptist, 51; Congregational, 18; Methodist, 17.

July 27 was full of good things, a day of work and profit. At 7 p. m. there was a song service on the beach, followed by a stereopticon lecture and demonstration of immigrants landing at Ellis Island. This lecture was by Rev. R. L. Breed of New York, and was very interesting and enjoyable. The sermon Sunday morning was by the Rev. R. L. Breed of New York, and the sermon in the evening was by Rev. J. M. Moore of Boston. Large audiences were present at both services, for Ocean Park is a summer resort, as well as a meeting place for religious gatherings.

Monday evening, we had the pleasure of listening to a lecture on the subject, "Revolution in China," by Rev. E. Aiken of Peking, for China. Mr. Aiken has been a missionary to that country and knows whereof he speaks. At the conclusion of the lecture, Mr. Aiken displayed the five-color flag of the new republic of China and sang the new national anthem in the Chinese language.

Tuesday forenoon, Rev. E. T. Garland, president of the Maine Bible Society, spoke on "Maine as a missionary field" and in the evening, Rev. Mr. Davidson of Lisbon, N. H., addressed us, using as his subject, "The opportunity of the country church."

Wednesday evening, we had a demonstration on teaching English to foreigners, conducted by Miss Miriam Woodbury of New York. Following this was a reception to several missionaries who were stopping at Old Orchard.

Thursday forenoon, we listened to a stirring address by Rev. J. C. Robbins of the Philippine Islands. Mr. Robbins has been a missionary to the people of that country and is well qualified to tell of their needs. Thursday evening was Student Vacation night and Mr. Robbins again addressed the people. Friday evening was the closing session, a solemn hour when the young people told of the impressions made and their purposes for earnest Christian work. The meetings throughout the entire week were characterized by intense earnestness and consecration.

Rev. A. M. Parker of Somersworth, N. H., and Rev. J. E. Coy of Harrison, Maine, is secretary.

## ROCKLAND THEATRE

Capacity houses are being entertained afternoon and evening, and everywhere is heard words of highest praise for the Old Home Week entertainment which is being offered. The big three reel picture production by the Vitaphone Co., "The French Spy," which tells the thrilling story and experiences of a young French girl as a spy among the belligerent tribes of Arabs, Moors and Turks. There are war scenes of countless numbers of French troops in deeds of daring and deadly combat with allied hosts on the plains of Algeria. Tonight will be the last time it will be shown.

The vaudeville program opened with "Raymonde," who is billed as a vocal phenomenon and character change artist in "Feminine Types." Miss Raymonde is a dainty and clever little comedienne and leaves a pleasing impression upon the audience. The clever team "James and Francis," presented a dandy bit of dancing, singing and costume changes, that more than made good with the audience. "Halligan & Sykes" really are deserving of being credited as the best act on the bill. They have just played at Keith's Theatre in Boston. They were compelled to make their appearance several times after being through with their turn.

Manager Rosenberg has secured for the last half of the week the most expensive vaudeville program ever presented in Rockland. All three acts that are booked as "Big" time acts, and are on their way from playing Keith's Theatre in Boston. The manager announces that he has secured several special picture features among them being the big spectacular picture of the Los Angeles Fire Department. The firemen will be more than pleased to learn that this picture is fitting the occasion has been secured.

### KLARK-URBAN COMPANY

Opened at Empire Theatre Last Night with Fine Performance of "Wildfire"—Is Here for Carnival Week.

The popular Klark-Urban Company opened a week's engagement at the Empire last night and turned away business, there not being even standing room enough to let all who wished to see this popular company of artists in Lillian Russell's great New York success, "Wildfire," one of the best plays ever presented in this city by a stock company. Every bit

The vaudeville acts carried by the company are all good and the best ever seen here with a stock company. Al Clanton, the comedy juggler, is an artist in this line of work, and more than made good with the big house last night, while Alden Irving, the mystifying artist, is one of the best magicians ever seen here, his act being all new and up to date.

Billy Webb, the comedian and dancer, has a new bunch of comedy jokes and sayings which had the audience laughing at all times, while his dancing received a big hand.

Then there is the musical act of Klark-Urban and Schreiber. This

of the scenery used is carried by the company, also all the latest improved electrical effects, to stage each and every play, none of the house scenery being used for any of the plays to be presented.

As usual Mr. Klark received a big hand from his hundreds of friends in this city, and in the part of "John Garrison," a lover of horses, was at his best, while that bright little star of the cast, Miss Maizie Cecil, as Mrs. Barrington, the owner of Wildfire, received great applause and added a number of new friends to her unlimited list.

Others in the cast who deserve special mention are Dot Carroll, Marie Fontaine, Fred Schreiber and our old friend, Frank Urban.

act alone is well worth the price of admission and last night it seemed as if the audience would never tire of hearing this greatest of all troupes of musical artists play, and well they should please, as it is seldom that Rockland sees an act of this kind.

Four matinees will be given, starting tomorrow afternoon, Wednesday, with a new change of bill every afternoon with the usual matinee prices 10c and 20c.

Seats are now on sale for every night in the week and we would advise all to secure seats early as already there is a big advance sale of seats. Don't wait until the last minute and then say "I didn't know." Telephone 60. Box office opens at 9:30 a. m.

To those not acquainted with Brighton avenue and Pleasant street a walk about those streets would prove very interesting so agreeable are the changes made in the lawns and gutters, and a sight really astonishing is the 60 feet of telephone poles whose vines are over 80 feet high the property of Austin Calderwood, who has a novel arrangement for showing them to good advantage and assisting their growth.

A party of 22 couples spent the evening at Round Pond Monday.

Miss Esther Neslund and Miss Marion Black managed the affair which was a success. A delicious lobster stew was served. Games were played and dancing indulged in.

George Roberts of Rockland was in town last week, visiting relatives.

Mrs. T. G. Libby is a guest of Mrs. F. S. Wall at Northport.

The mention of Mrs. Eliza Ann Brown's over-night visit at the farm of J. S. Hall is a bigger item than it may seem at first, as it was the first time for 50 years that she has slept outside of her own home.

Mrs. Hattie Thompson, Mrs. Helen Thompson and Mr. Abe of Brookline, Mass., and Miss Douglas of Newburyport have returned to their home.

Freddie Geary deserves a medal of honor for his bravery and remarkable presence of mind shown Tuesday forenoon when he rescued from drowning Gertrude, little daughter of Mr. and Mrs. L. W. Vinal of Dorchester, with other small children she was in wading on the shore below the home of Miss Bertha Dolham on Lane's Island. Ruth Smith, a cousin, a few years older called to Gertrude that she was getting out into too deep water and for her to come back. Just at this moment she

lost her balance and fell under the water. She at once unconsciously began a paddling motion which kept her up until rescued. Cries from the children brought the mothers from the homes nearby. William Beggs' teamster who was at E. C. McIntosh's hastened to the shore. Fred-die Geary saw the commotion and left his wheelbarrow of groceries which he was delivering and ran swiftly in the direction pointed when he found where they were, seeming to realize some child was in danger and reached the spot before the others. He calmly waded into water above his waist and lifted the little girl whose weight is 40 pounds or more threw her upon his shoulder and started for the home. Would give her up to no one until he met Mrs. Vinal, who in great fear was running to the shore. The child was not unconscious and no ill effects followed.

Mr. and Mrs. William Ross spent Sunday at Hillside Cottage, the guests of Mr. and Mrs. J. C. Mackie.

Mrs. Fossett and granddaughter, Gladys Simmons, returned Wednesday from a visit with relatives.

Miss Bella Falconer of New York, who has been visiting her aunts, Mrs. Mary Noyes and Mrs. Alex. Frasier, has returned home.
